Profile

I am a dedicated 2nd-year Computer Science and Engineering student with a focus on Cyber Security. I have a strong foundation in Python and C++, and I am currently expanding my skills in web development. In addition to my technical expertise, I have experience in management and administration, which has honed my organizational and leadership abilities. I am eager to apply my skills to practical projects and continue learning.

Education

@SRM University Ramapuram, Chennai

Pursuing B.Tech in Computer Science Engineering Specialization With Cyber Security.
